Correction: *Genome Biol* 24, 89 (2023)

<https://doi.org/10.1186/s13059-023-02928-7>

Following publication of the original article [1], the authors identified an error in one of the guide RNA spacer sequences disclosed in Supplementary Table S3. The correct sequence for base editing mediated silencing of the *CIITA* is 5'–3': CACTCACCTTAG CCTGAGCA, as originally described in Gaudelli et al. 2020 [2].

This error does not affect the main results and conclusions of the paper.

The Supplementary Table S3 of the original article [1] has been corrected.

Supplementary Information

The online version contains supplementary material available at <https://doi.org/10.1186/s13059-025-03548-z>.
